NEW SPORTS COMPLEX PROPOSED FOR CHESTERFIELD VALLEY

Chesterfield, MO – (February 2, 2017) – Chesterfield Hockey Association (“CHA”), a non-profit organization, announced today a plan to develop a new state-of-the-art ice and multi-sport facility on 12 acres of land between Chesterfield Airport Road and US 64/40 in Chesterfield, MO. The Chesterfield SportsComplex will be 78,000 square feet and is anticipated to include two (2) NHL sized sheets of ice, locker rooms, team meeting rooms and offices as well as a restaurant/bar and pro shop. In an effort to grow and expand youth hockey within the St. Louis metropolitan market, the Chesterfield SportsComplex will replace the Hardees Iceplex and become the new home of the Chesterfield Falcons hockey club. The Chesterfield SportsComplex will be the premier youth hockey and ice skating destination in the area serving 1,000+ youth hockey players and ice skaters in addition to figure skating, indoor soccer, box lacrosse and ball hockey programs.

“The loss of the Hardees IcePlex will have a significant impact on the growth of our sport. The current facility supports not only local use, but also USA Hockey Regional and National events. Chesterfield and the region will greatly benefit from having a facility in Chesterfield Valley.”

-Larry Boyd, President, Missouri Hockey Inc.

“The board of directors of the Chesterfield Hockey Association is extremely proud to lead this effort to develop the new Chesterfield SportsComplex which will keep the Chesterfield Falcons playing hockey in Chesterfield, MO.”

-Mark Kraus, President, Chesterfield Hockey Association

“I am proud to be an original member of the Chesterfield Hockey Association and I am in full support of the need to continue having kids play hockey in our city.”

-Bernie Federko, St. Louis Blues Alumni
